To whom it may concern:

It is my absolute joy and pleasure to write a letter of recommendation for Daniel Espeut. I have known Daniel for six and a half years. My experience with him has been exceptional. Recently, he was the videographer for my wedding on August 18, 2007. His professionalism and commitment to excellence are always reflected in his work. Always eager and passionate, he goes above and beyond to provide superb customer service.

Mr. Espeut was prompt, thorough, and was very organized with all the details of the wedding. The highlights were a direct reflection of his detail-orientated work ethic. The end result of the video was spectacular and indeed impressive.

I would highly recommend Daniel to anyone who seeks a professional for outstanding quality, innovative techniques, and a beyond satisfactory result!
